THE V-TUF TUFWASH D-GREEN IS A HIGH-POTENCY, PROFESSIONAL BIOLOGICAL EXTERIOR SURFACE RESTORER ENGINEERED TO ERADICATE STUBBORN GREEN ALGAE, MOSS, MOULD, AND LICHEN WITHOUT DEMANDING LABOUR-INTENSIVE MECHANICAL SCRUBBING. FORMULATED WITH TARGETED CATIONIC SURFACTANTS AND ACTIVE BIOCIDAL AGENTS, IT PENETRATES DEEPLY INTO THE POROUS MICRO-STRUCTURE OF TIMBER, CONCRETE, NATURAL STONE, ASPHALT, AND MASONRY TO NEUTRALISE ORGANIC SPORES DIRECTLY AT THEIR SOURCE.

ENGINEERED FOR MAXIMUM EFFICIENCY WITH A CONVENIENT "SPRAY AND FORGET" APPLICATION, D-GREEN VISIBLY BEGINS CLEARING UNSIGHTLY GREEN DISCOLOURATION WITHIN 48 HOURS. ONCE DRY, ACTIVE RESIDUAL INHIBITORS BOND TO THE SUBSTRATE TO SUPPRESS SPORE REGROWTH FOR UP TO 12 MONTHS. DILUTING UP TO 1:9 TO TREAT UP TO 500 M² PER 5-LITRE BOTTLE, IT PROVIDES FACILITIES MANAGERS, COMMERCIAL CLEANING CONTRACTORS, AND GROUNDSKEEPERS WITH AN ECONOMICAL, RELIABLE SOLUTION TO ELIMINATE DANGEROUS SLIP HAZARDS ACROSS OUTDOOR PEDESTRIAN AREAS.

KEY FEATURES

- **Super-Concentrated Formula:** Dilutes up to 1 part D-GREEN to 9 parts water (1:10 total solution) for maximum cost efficiency.
- **Extensive Multi-Surface Versatility:** Specially formulated for decking & patios, fences & gates, brick & stone, garden sheds, render, roofs, and asphalt.
- **Dual Application Compatibility:** Can be applied via pressure washer low-pressure chemical injection, V-TUF VTX compression sprayers, or watering cans.
- **Post-Wash Sanitising Seal:** The perfect follow-up treatment after pressure washing to sterilise the substrate against fungal return.
- **Non-Acidic, Non-Bleach Base:** Preserves stone integrity, jointing mortar, and wood fibers without bleaching or degrading materials.
- **British Made & Industry Tested:** Manufactured in the UK under rigorous commercial quality and environmental standards.
