

TUFVAC30M - 110/240V AUTOMATIC SELF CLEANING WET AND DRY VACUUM CLEANER

WHY BUY?

The TUFVAC30M is a professional-grade vacuum cleaner built for construction sites, workshops, car body shops, and a wide range of craftsmanship activities. It features a large filtering surface and offers excellent operating autonomy when handling both fine and wet dust. Its advanced electronic system enables the AUTOMATIC STARTER function, automatically switching off the vacuum motor when using electric or pneumatic tools. In the WET&DRY versions, the machine is also equipped with automatic electronic liquid detection and blocking for added protection.
