WHY BUY?

The New V-TUF Deluge heavy duty towable 10HP diesel pressure washer comes with a 1125 litre water tank, mounted on a Highway Trailer The robust chassis is made of 5mm hot dipped galvanised steel and is European whole Vehicle Type approved allowing for towing on public roads, making this ideal for a range of jobs. The washers design makes it well suited for remote and harder to reach areas. The HDPE water tank also includes an internal baffle to prevent water surges whilst the machine is being towed. Ideal for the rental market!
