# V-TUF

# XP SERIES PUMPS

## Materials Technology

The new V-TUF XP SERIES Pump Seals marks a turning point in the Self Service Car Wash industry with the introduction of XP Seals.

The new XP Seals are the result of an exclusive research and development process conducted in collaboration with our partner, a leader in the production of high-tech hydraulic Seals.

A new production procedure, combined with an innovative material, are the basis of the new XP Seals for exclusive use in V-TUF XP Series Pumps.

It assures maximum resistance to the chemical agents used in Self Service Car Wash Systems.

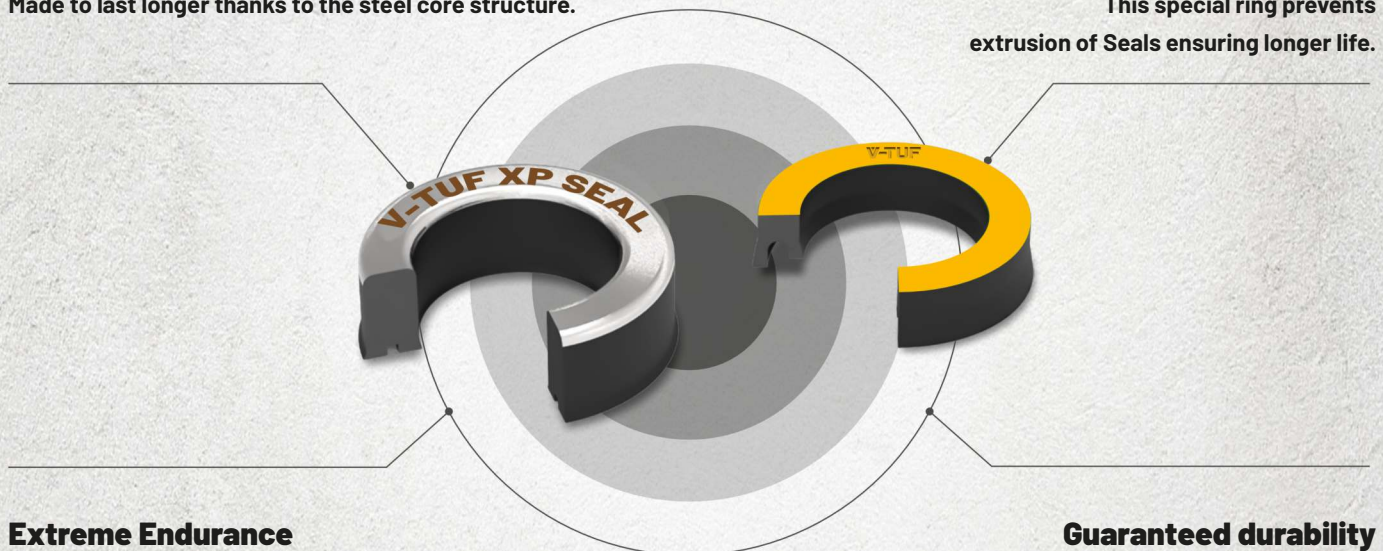

## BENEFITS

### Heavy Duty Stainless Steel Structure

Made to last longer thanks to the steel core structure.

### Integrated sustaining ring

This special ring prevents extrusion of Seals ensuring longer life.

### Extreme Endurance

New polymer resistant to the most aggressive chemicals, reliable also in highly corrosive environments.

### Guaranteed durability

XP SEALS lasts up to 10 times longer than the standard solutions ensuring excellent reliability over time.

Traditional/Standard Seals

Durability

## High resistance to chemicals

The XP series is designed following specific needs of Self Service Car Wash and wash bay systems, including wheel wash chemicals.

## V-TUF exclusive

The XP Series of innovative seals are available exclusively on V-TUF XP Pumps.

## Top quality

Each V-TUF XP Pump is 100% tested before shipment to ensure total performance and maximum quality.

## Longer life time

Installing the V-TUF XP Pump in your systems ensures an average life span up to 10 times longer than standard solutions.

\* The duration may vary depending on the type of use and, in particular, on the chemicals used.

#### Why V-TUF?

We present the ultimate solution to common maintenance and downtime problems caused by Seals deterioration in the presence of aggressive chemical cleaners used in Wash Bay systems.

**XP** EXTREME PERFORMANCE Seals offer unparalleled reliability and exceptional durability.

Achieve new standards of performance and reliability for your Wash Bay systems with the new XP Pumps which feature V-TUF's innovative XP Seals.

## INDUSTRIAL PRESSURE WASHERS

# GB080XP

### Industrial 9 HP Gearbox Driven Honda Petrol Pressure Washer

**3000 psi**  
**200 bar**  
**15 L/min**

Made in Britain

- 9 HP black edition **Honda GX270QX** petrol engine
- New V-TUF Super Series gear-box driven pump
- Superior crankshaft and bearing technology for smoother, quieter and cooler running for longer
- Extra corrosion resistance – cataphoretic paint coating and nickel plated pump heads
- V-Cool technology – extra cooling fins on pump
- Pump priming valve
- Large pneumatic wheels for easy manoeuvrability.
  
- Soft grip tufGUN trigger
- Stainless steel lance
- Quick release 10 m hose
- 3 m crush and kink resistant suction hose with weighted filter

# GB110XP

### Industrial 13 HP Gearbox Driven Honda Petrol Pressure Washer

**3000 psi**  
**200 Bar**  
**21 L/min**

Made In Britain

- 13 HP black edition **Honda GX390QX** petrol engine
- New V-TUF Super Series gear-box driven pump
- Superior crankshaft and bearing technology for smoother, quieter and cooler running for longer
- Extra corrosion resistance – cataphoretic paint coating and nickel plated pump heads
- V-Cool technology – extra cooling fins on pump
- Pump priming valve
- Large pneumatic wheels for easy manoeuvrability.
  
- Soft grip tufGUN trigger
- Stainless steel lance
- Quick release 10 m hose
- 3 m crush and kink resistant suction hose with weighted filter and bypass to tank
- tufTURBO SSQ turbo nozzle

## INDUSTRIAL PRESSURE WASHERS

# D10-15200BXP

### Industrial 10 HP Yanmar Diesel Pressure Washer

**3000 psi**  
**200 bar**  
**15 L/min**

Made in Britain

- 10 HP **YANMAR** diesel engine
- Belt drive – prolongs engine shaft and pump life
- Easy electric hassle-free engine start or pull start.
- Can be used with HVO fuel
- Rigid roll-cage, frame and chassis for the toughest conditions
- Extra long bypass for cooler pump
- 5.4 L fuel tank, 1.6 L oil capacity
- Soft grip tufGUN trigger
- Stainless steel lance
- Quick release 10 m hose
- 3 m crush and kink resistant suction hose with weighted filter
- Optional antifreeze tank

## INDUSTRIAL PRESSURE WASHERS

# DELUGE 1125HWTD10 XP

1125 Litre Highway Trailer Bowser Pressure Washer

**3000 psi**  
**200 bar**  
**21 L/min**

- Powered by a 13 HP **Honda** petrol engine
- 1125 litre bowser tank for cleaning projects where there are no utilities provided on site
- Forklift points for load or transport on site
- Electric engine start with pull start back-up for simple operation
- XP pump gearbox unit
- Hot dipped galvanized trailer chassis and impact resistant tank for improved access across all types of rough terrain
  
- Soft grip tufGUN trigger
- Stainless steel lance
- Quick release 10 m hose

**XHDM400XP**

## INDUSTRIAL PRESSURE WASHERS

# RAPID SXL 110 V

Static Hot Pressure Washer with Stainless Steel Cabinet

**1160 psi**  
**80 bar**  
**12 L/min**

- Superior build quality - 304 stainless steel
- 100 bar 12 L/min - 110 V - V-TUF XR Series Pump
- iDPS - Intelligent Digital Protection System
- 43 L Fuel tank - HVO diesel fuel compatible
- BlueBurn - Super efficient dual heat exchange boiler reaches up to 100°C at full pressure
- Convection fan heater - protects against frost
- 10 m heavy duty hose with MSQ fittings
- Heavy duty gun and lance
- Dimensions (mm L x W x H): 560 x 815 x 1600
- Machine weight: 250-280 kg
